Class Diagram

# A Brief Description :

- An Associate Class “Booking” has been used to keep a track of the Booking Requests for the Events of the Halls done by the Booker, and to be approved by the Department-InCharge.
- The SuperUser can add mainly 2 kinds of Users :
  - Department-InCharge : will be responsible for adding or updating Hall Details, adding Departmental Users\* and for Approving / Declining pending Booking requests.
  - Bookers : They have been categorized into 5 types, according to their priorities (Student, Faculty, HoD, Dean, Registrar). Searching and Priority Booking\* of the Halls are the 2 main functions of the Booker.

# Some Important Terms:

- Priority Booking – The Bookers have been classified under different priorities and then can book halls accordingly, Ex: Registrar = Highest Priority.
- Check Status – The Department-InCharge will be having the authority to authenticate the booking, Check Status will list down all the pending booking requests.
- Get Other User Information – The booker will be able to get all the details about any other User.
- Departmental Users – The Bookers added by the Department-InCharge, they can either be a Class Representative / SAC Member / Faculty.
